

VEI's 7000 Series IMO Monitor

VEI - Advocates of Global Maritime Rules & Standards

7000 Series manufactured in the USA in full compliance with International regulations

DISPLAY & COMPUTER SYSTEMS

Long Recognized as the Industry Leader in Innovative Designs

Built in the USA, Vei IMO approved 7000 Series Monitors are hand assembled using the finest quality materials accepted by the International Maritime Organization.

With 3 sizes, 18", 20" and 23" our monitors provide a solution for every helm station.

The 7000 Series comes in a range of brightness levels from 250-1000 Nits suitable for interior and exterior use.

We use chemically hardened anti-glare glass on our monitors that can only be scratched by a diamond.
